Sudley Principal's Press February-March 2019

Cold and Flu Season

To help us keep everyone healthy at school, please consider taking the next snow storm to wash your child/ren's school book bags, lunch bags, and winter clothing.

School Closings and Delayed Openings

In addition to us posting on Facebook and sending out robo calls, information is also posted immediately on the PWCS Web site at pwcs.edu

and will be aired on PWCS-TV (Comcast Cable channel 18 and Verizon Cable channel 36). You may also call the School Division's telephone closing line at 703.791.2776 and select option #3.

Subscribers to E-News can choose to receive closing announcements by email, text message, or both. To register online, go to the "How do I?" box on the PWCS Web site at pwcs.edu, and select "Receive Email News" or click the PWCS E-News icon at the bottom of the home page. When schools open two hours late or close for the entire day, information is given to radio stations to be broadcasted beginning at 5 a.m. and repeated intervals thereafter. The color codes mentioned in the broadcasted announcements affect PWCS employees only.
